- Premier Kathy Dunderdale and our Government has been working hard to ensure our province's future is bright and prosperous. ♦ The Canada-European Union Comprehensive Economic Trade Agreement (CETA) will provide unprecedented tariff-free access to the most lucrative fish market in the world. The provincial fishery is now ideally positioned to capitalize on unrestricted access to European seafood markets and become more globally competitive with the creation of a \$400 million Federal-Provincial fund to support industry enhancements. ♦ Premier Dunderdale announces an agreement to advance the development of the White Rose Extension Project which will earn our province an estimated \$3 billion in royalties. Premier Dunderdale is successful in securing a loan-guarantee to make the Muskrat Falls project successful. ♦ Major projects at Voisey's Bay, Bull Arm and Long Harbour provide employment for thousands of workers in the province. Volunteers Make it Happen!
